

Indian Institute of Technology Tirupati

Department of Civil & Environmental Engineering

3rd International Conference on Construction Materials and Structures

On Synergy of Materials and Structures

Post-Conference Workshop (6th July 2025)

Technologies for Sustainable and Durable Construction			
Time	Topic	Speakers	Venue (LHC)
08:00-09:00	Registration		
09:00-10:00	Alternative Cementitious Binders	Prof. Manu Santhanam	CR 003
10:00-10:30	Innovations in 3D Concrete Printing	Dr. A. V. Rahul	
10:30-11:00	Factors governing the suitability of Recycled Aggregates for Sustainable infrastructure	Dr. Surender Singh	
11:00-11:30	High Tea		
11:30-12:00	Corrosion mechanisms and service life of reinforced concrete structures	Dr. Deepak K Kamde	
12:00-12:30	Performance of corrosion inhibitors and galvanized steel	Dr. Prasanna Kumar Behera	
12:30-13:00	Corrosion protection of existing structures	Prof. Radhakrishna G. Pillai
